## Report of Trustees of the New Boston Cemetery

February 20, 1912 to February 21, 1913 inclusive

---

We submit herewith the Superintendents report of the Interments and Removals at the cemetery. Also the Treasurer's report of receipts and disbursements both of the General and Trust funds. The cemetery has been kept in neatness and orderly by him and most of the summer he has spent on the grounds, his knowledge of lots make him valuable to visitors to conduct them to the particular part they wish to visit. Not feeling justified to expend if possible, more than the interest accrued on the General fund on desired improvements we have made the expenses as low as possible that we may the coming season do all that we can in making the walls and gates enclosing the cemetery safe and more sightly. Some painting and grading will also engage our attention. The interest accruing on the Trust fund has been applied on the Several Trust lots and their approaches to keep them in good order as the Superintendent found their need. In this connection we transcribe an enabling act of the Legislature Chapter 52 Laws of 1911 entitled "An Act to

Allow Executors and Administrators to pay over money for the perpetual care of Cemetery lots.

Section 1. Executors and Administrators, may pay upon the order of the Judge of Probate to Cemetery Corporations or to Cities or towns having burial places therein, a reasonable sum of money for the perpetual care of the lot in which the body of their intestate is buried and the monuments thereon. The Judge of Probate shall determine after notice to all parties in interest to whom the same shall be paid and the amount thereof, and such sums shall be allowed in the accounts of such executor and administrator.

Section 2. This Act shall take effect on its passage. Approved Feb. 28, 1911. Be it enacted by the Senate and House of Representatives in General Court Convened. "

Instances have come to our knowledge when such bequests have been fully intended but death ensued before writings have been made. Nearly if not quite two generations have passed since the addition to the Old Cemetery and the Corporate body of Trustees had care of the grounds and during the year those who have passed away have largely been of such age that they had seen the great transformation of the Cemetery grounds. Some prominent to do and sacrifice money and work for their improvement in the entire grounds. Again those whose love for their town made it a pleasure to advance her interests and their memorial is the enhanced value in property and gifts to their native town. We thank God for their lives and

benefactions and may coming generations, and may coming dwellers of our town, richly enjoy the fruits of their public benefactions, and all of us be alert to readily lend our influence for the towns welfare. -

Respectfully,

WILL C. DODGE  
THOMAS E. COCHRAN  
REED W. McLANE  
EUGENE A. EDWARDS  
SOLOMON D. ATWOOD

Trustees.

## Report of School Board

*To the Selectmen of New Boston, N. H. and to the Inhabitants of the School District.*

In submitting our annual report for the year ending Feb. 15, 1913, we think we can truthfully say that we have advanced one step at least, upon the road of educational progress.

The success and advancement of our schools does not depend wholly upon the school board, teachers, or parents, but upon the united efforts of all, working in harmony for the best interest of our schools.

To those who have aided us in the past, we extend our heartfelt thanks and solicit the aid of all in the future that our children may reach the highest moral and intellectual standard to which they are capable of attaining.

Visits from parents are always beneficial to the schools; therefore we urge them to visit as often as possible, not only on exhibition days, but more especially at other times, that they may see the work that is being done.

We have maintained eight schools of thirty-two weeks each with the exception of No. 5 which had but thirty-one weeks; it being closed one week on account of sickness.

**HIGH SCHOOL:** Our high school has had three terms of twelve weeks each. At the beginning of the school year we secured the services of Mr. Hartford as

principal and Miss Wentworth as assistant; both are giving excellent satisfaction. Through their tact and good judgment we have been relieved of many of the trials of the past.

The state board of health under the laws of 1911, prohibited the use of public drinking cups from and after July 1, 1912 and the school board removed the same from all the school buildings.

REPAIRS : We recommend the following repairs, viz :

No. 2. Should have new black-boards, ceiling whitened, and south side of house and south side of shed shingled.

No. 4. The ceiling needs white-washing.

No. 5. Should have a new pump; and interior of room whitened.

No. 6 We would suggest the shingling of the north side of building, white-washing the interior, and new desks.

No. 7. This building should be shingled if the district wishes to preserve the building.

No. 15 Needs a new door.

As a matter of convenience for the School Board, and

economy for the District ,we suggest that a closet be made in the High School Building for the proper storage of books and supplies.

STATUTORY REQUIREMENTS : We report the following amounts as necessary for the ensuing year, viz :—

For Text Books	\$150 00
Supplies	100 00
Flags and appurtenances	20 00
	<hr/>
	\$270 00
